

Sunsea Bay Townhouses

Centrally located, and only minutes from the beach, SunSea Bay Luxury Townhouses offer a level of sophistication and quality that make every minute you spend there a pleasure.

Architecturally designed 3 bedroom plus large media room, these luxury townhouses have been built to provide a contemporary and stylish lifestyle for the discerning buyer. The townhouses feature 3 bedroom designs, with internal access to double garage and private courtyards.

The townhouses were constructed using slab on ground construction techniques, with a mix of rendered block work and split face masonry. Smart use of colour, external screens and hardwood materials enhance the overall design and complement the coastal setting.

The townhouses are equipped with premium quality fixtures and finishes including zoned air-conditioning, granite bench tops, detailed lighting system and extensive ceramic tiling and quality carpets.
